

Description

rbs Bluestrike CMO is an invert emulsion (ie. Water-in-oil emulsion) commonly known as "Soap Oil". It is an economical dual purpose cream mould oil in that it is suitable for both timber and metal based formwork providing an ideal release agent for ordinary day-to-day concreting.

Advantages

- Easy to use.
- Supplied ready to use.
- Suitable for both timber and metal based formwork.
- Not readily absorbed when used with plywood or timber formwork.
- Produces uniform, stain-free concrete surfaces.

Directions For Use

- rbs Bluestrike CMO is supplied ready to use, a uniform thin film should be applied to the formwork using a brush, sponge or soft broom with care being taken to avoid over application.
- Under no circumstances should RBS Bluestrike CMO be spray applied.
- For new and unsealed timber several applications should be made prior to initial use.

Packaging

rbs Bluestrike CMO is available in 20 Litre containers.

Storage

rbs Bluestrike CMO should be stored under dry, frost-free conditions away from direct sunlight, under such conditions the shelf life is at least twelve months.

The information given on this sheet is, to the best of our knowledge, true and accurate. No guarantee of the results implied, or any loss or damage arising out of this material, however, are possible as the conditions of application are beyond our control. This is not withstanding any liability arising from the Consumer Protection Act 1987 and the Health & Safety at Work Act. Health and Safety data is available on this product and should be referred to prior to its use

Technical Data

Curing Efficiency	90%
Appearance	Pale amber liquid
Specific Gravity @ 15.6°C	0.87
Flash Point (PMCC)	40°C
Viscosity cSt @ 40°C	4.2
Average Coverage	5m ² per litre (approx)
Shelf Life (sealed container)	Minimum 12 months
