

## Description

rbs Sitewash is an amber liquid developed for the cleaning of sprayers and other equipment that has been used with resin based products, it can also be used to clean and remove bitumen. rbs Sitewash can also be used as a general purpose degreaser and for the cleaning of non cured paints and oils.

## Advantages

- Prolongs the life of sprayers and other valuable equipment.
- Ensures the proper spray patterns and dose rates are adhered to.

## Directions For Use

- rbs Sitewash solvent cleaner should be used at full strength.
- Immerse small parts in rbs Sitewash and agitate for several minutes, use a small brush to remove stubborn adhesions.
- Large parts and hoses should be flushed out repeatedly with rbs Sitewash and excess material returned to the drum.
- rbs Sitewash is flammable and care should be taken when using and when disposed of.
- rbs Sitewash may be used for several applications but effectiveness will be gradually reduced.

## Packaging

rbs Sitewash is available in 5, 20 and 200 litre containers. IBC's available on request.

The information given on this sheet is, to the best of our knowledge, true and accurate. No guarantee of the results implied, or any loss or damage arising out of this material, however, are possible as the conditions of application are beyond our control. This is not withstanding any liability arising from the Consumer Protection Act 1987 and the Health & Safety at Work Act. Health and Safety data is available on this product and should be referred to prior to its use

## Storage

rbs Sitewash should be stored under dry, frost-free conditions away from direct sunlight, under such conditions the shelf life is at least twelve months.

## Health & Safety

When working with rbs Sitewash suitable protective clothing, eye/face protection and gloves should be worn. For further health and safety information, please refer to the relevant Safety Data Sheet

## Important Note

Whilst all reasonable care is taken in compiling technical data on the Company's products, all recommendations or suggestions regarding the use of such products are made without guarantee, since the conditions of use are beyond the control of the Company.

It is the responsibility of the customer to satisfy themselves that each product is fit for the purpose for which they intend to use it. Ensure that the actual conditions of use are suitable, and that in the light of our continual research and development programme, the information relating to each product has not been superseded.
